Matthew Davies

CPO @ SureCloud | Building Agentic GRC | ex-PwC & Deloitte
London, England, United Kingdom

Summary

I am the CPO at SureCloud, a leading provider of enterprise IT governance, risk, and compliance (GRC) solutions. With over 10 years of experience in the GRC domain, I have a proven track record of creating and executing a strategic product vision that aligns with customer needs, business goals, and industry standards.

My core competencies include product development and delivering customer-centric solutions. I also have a strong background in IT risk assurance and GRC technology, having worked at PwC and Deloitte before joining SureCloud. At SureCloud, I lead the product and design teams, and collaborate with cross-functional teams, to deliver exceptional value and innovation to our clients.

I am passionate about solving complex business challenges and exceeding client expectations with impactful and innovative solutions.

Experience

SureCloud

7 years

Chief Product Officer

June 2024 - Present (2 years 3 months)

London Area, United Kingdom

- Own product vision and strategy, aligning with growth targets and business goals.
