Another exciting milestone in our Partnership with Samsung, with the launch of the Galaxy Z Fold8 Ultra, Galaxy Z Fold8 and Galaxy Z Flip8 across all our markets.

This latest generation combines innovative foldable design with Galaxy AI to deliver more powerful, flexible and personalised experiences for our Customers. Congratulations to our colleagues across the business and to the Samsung team on another strong launch!

Great sales results don't happen in isolation - they're built on collaboration, shared experience, and continuous learning 🧡.

From May 1-3 in Mallorca, we brought together nearly 100 top-performing sales professionals from [Windtre - Business Partner](#), [Drei Österreich](#), and [3 Sverige](#) during the b.Hero event, creating a unique space for exchange, learning, and inspiration. The real value of this event lies in the exchange - practical insights, honest conversations, and a shared ambition to raise the bar 🚀.

Beyond the formal agenda, this was also a valuable opportunity for informal conversations, team bonding, and shared celebrations. Whether during the culinary tour, wine tasting, coastering, or car and quad driving experience, these moments helped strengthen relationships and build connections that truly matter across markets.

I'm proud that we continue to co-create the b.Hero initiative together with [CKH Innovations Opportunities Development](#), connecting top talent delivering [bolttech](#) solutions across EMEA markets - this is what great collaboration looks like 🧑‍🤝‍🧑 Looking forward to another amazing meeting next year!

And finally, a heartfelt thank you to everyone from the EMEA Team behind the scenes who made this Mallorca event possible: [Matthias Spielvogel](#), [Luca Foletto](#), [Claudio Mastroeni](#), [Andreas Nordqvist](#), [Lisa Marie Gassner](#), Dr. Alina Neatu, [Cesare Bisio](#), [Aleksander Wistuba](#), [Dr. Theresa Maria Seehofer](#), [Vânia Mascarenhas](#), [Maria Inês Lopes](#), [Carolina Souza E Castro](#) and [Anna Kozłowska-Pietraszko](#).

[Francesco Zampini](#), [Federico Karrer](#), Yo Takahashi, [Mario Passetti](#)

Bitdefender and CKH Innovations Opportunities Development Expand Cybersecurity Partnership to Drei Austria

Bitdefender, a global leader in #cybersecurity, and CKH Innovations Opportunities Development (CKH IOD), part of CK Hutchison Group Telecom Holdings, have expanded their strategic partnership to deliver advanced endpoint protection to Drei Austria customers.

This milestone builds on successful collaborations in the UK and Italy, strengthening the companies' shared mission to protect consumers across Europe from escalating AI-driven cyber threats.

What this means for consumers:

- Seamless protection across Windows, macOS, Android, and iOS devices.
- Defense against malware, phishing, scams, and identity theft through the Bitdefender Subscriber Protection Platform.
- Simplified cybersecurity with Bitdefender OneApp, a unified interface for full digital protection.
- Protection extended to families and communities via Drei's "community" plans.

"Our partnership with Bitdefender empowers us to deliver trusted, advanced protection that strengthens the digital safety of our customers," said [Günter Lischka](#), CCO at Drei Austria.

"Following successful launches in Italy and the UK, the Drei Austria rollout marks a new chapter — bringing Bitdefender's protection to desktop PCs for the first time within this partnership," added [Francesco Zampini](#), Director at CKH IOD.

As cyber threats evolve, Bitdefender and CKH IOD remain committed to safeguarding digital lives across Europe — empowering users to navigate the connected world with confidence and peace of mind.

Three UK is the latest member of CK Hutchison Group Telecom to launch Three Device Security, an app which safeguards consumers online.

CKH IOD partnered with **Bitdefender** to initially rollout the app with Windtre and we've enjoyed working with Three UK to replicate the success seen in Italy.

> Thank you for inviting us to this inspiring Indonesia AI day, Vikram. It's thrilling to witness how IOH, under your Leadership and with NVIDIA's invaluable partnership, is emerging as the powerhouse for Indonesia's AI transformation. We're excited to contribute to this journey and replicate your success story in other regions!

Indonesia AI Day marks a pivotal milestone in the nation's journey toward AI-driven innovation.

We are thrilled to launch Sahabat-AI, a Large Language Model (LLM) ecosystem co-developed with [GoTo Group](#). Rooted in the spirit of Gotong Royong, Sahabat-AI aims to elevate digital literacy, foster growth in key sectors, and empower the future of Indonesia.

A heartfelt thank you to Founder & CEO of [NVIDIA Jensen Huang](#), Chair & CEO of [Accenture Julie Sweet](#), Minister of Communication and Digital Meutya Hafid, Minister of State-Owned Enterprises Erick Thohir, and our strategic partners for their invaluable support in making this vision a reality. Together, we are empowering Indonesia and positioning the country at the forefront of AI-powered nation id.

Hello Moto.

Drei Österreich and **MOTOROLA DACH** (a **Lenovo** Company) agreed on a strategic partnership for more than Smartphones. We introduced Motorola G73

with our "Drei Unlimited 5G" Offer last week. Soon you will see Notebooks and Tablets in our stores and on www.dreiland.at

with Michael Neuhold and 7 others
